-----

The Straits Area Community Foundation (SACF) is a charitable organization committed to providing people who care about the future of Cheboygan County, Mackinaw City, and Bois Blanc Island with unique and effective ways of supporting their community now, and for generations to come. Since 1997, SACF has focused on both traditional causes and evolving needs, making grants to nonprofit agencies and institutions benefitting the Straits Area. SACF is an affiliate of the Community Foundation for Northeast Michigan, which serves as its administrative arm. Through this partnership, SACF demonstrates its commitment to its donors by implementing sound financial, investment and reporting practices. Gifts of all sizes from individuals, families, businesses, and agencies are invested in a balanced, well-managed portfolio to build endowments, enabling support for students and local community nonprofits now and forever.

## Statement of Views Expressed

In materials that contain or present substantive project content, such as an exhibition, article, catalogue or other publication, video documentary, or online exhibition or website, the acknowledgment must also include the following statement: “The views, findings, conclusions or recommendations expressed in this (publication) (program) (exhibition) (website) (article) do not necessarily represent those of SACF.”

If you have any question about whether your product requires this statement, please contact Development & Marketing Director, Christine Hitch at [chitch@cfnem.org](mailto:chitch@cfnem.org).

## Acknowledgment

When appropriate, we ask that grantees include an acknowledgment of SACF support in all grant products, publications, and websites developed with SACF funding. Acknowledgment should include mention of the grant from the Community Foundation as noted in the "Credit Line" section of this document, and/or the SACF logo if space and design permit.

## Color Usage

The following colors have been approved for use in all SACF applications. Spot color reproduction is preferred whenever possible. The spot colors used are Pantone Uncoated 296 U, 294 U\*, 325 U, and 643 U.

The SACF logo can also be reproduced using a four color printing process or in HEX colors for use online. The CMYK color combinations and web colors listed are acceptable substitutions for the spot colors mentioned above. Please follow these color usage guidelines when reproducing the SACF logo. Note: Color representations may appear different on screen than in print.

\*Note: 294 U is not used in the SACF logo, but is a preferred complementary color in designing marketing items.

## Typography Usage

In the event that the SACF logo is rebuilt, the following typefaces must be used: **Antonio Bold** and **Calibri Bold**. It is recommended that these typefaces be used to help establish visual consistency throughout all marketing materials.

## Logo Configuration

The following presentation of the Straits Area Community Foundation (SACF) logo is the preferred combination of the symbols with typography. When used properly, the SACF logo serves to consistently identify the brand and communication efforts. Following this guide ensures approved application of the logo.

**ANTONIO BOLD**  
 ABCDEFGHIJKLMNOPQRSTUVWXYZ  
 abcdefghijklmnopqrstuvwxyz • 1234567890

**Calibri Bold**  
 ABCDEFGHIJKLMNOPQRSTUVWXYZ  
 abcdefghijklmnopqrstuvwxyz • 1234567890

## Acceptable Usage

For clarity and impact, keep a clear space (control area) around the logo. This space is used to set the logo apart from other graphic elements so that it maintains maximum recognizability. In this case, we use the height of the space between the gray lines as the measurement of space around the logo.

## Secondary Usage

Whenever possible, the primary SACF logo should be used. It is also acceptable to use the logo in only black, reversed as white on a colored background, or in 2-colors when needed.

## Unacceptable Usage

Never use the SACF logo in any color combination other than what is listed in this standards guide. Any elements other than what is contained in the logo itself should never be placed within the control area. Use care if placing the SACF logo on a textured or patterned background. The one in this example is too distracting and similar patterns should be avoided.
